Raison d'être of the Office of the Secretary to the Governor General

The Office of the Secretary to the Governor General (the Office) provides support and advice to the Governor General of Canada in his/her unique role as the representative of The Queen in Canada, as well as the commander-in-chief. The Office assists the Governor General in carrying out constitutional responsibilities, in representing Canada at home and abroad, in bringing Canadians together, and in granting armorial bearings. It also supports the Governor General in encouraging excellence through the administration of the Canadian Honours System and by organizing the presentations of national honours, decorations, medals and awards. The Office manages a visitor services program at both of the Governor General's official residences and oversees the day-to-day operations of these residences. It provides support to former Governors General, including pensions to former Governors General and their spouses.

Further information on the mandate, roles, responsibilities and programs of the Office can be found on the following website: [2022-23 - Main Estimates \(Part I and II\)](#).

Basis of Presentation

This quarterly report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the Office's spending authorities granted by Parliament and those used by the Office consistent with the Main Estimates for the 2022-23 fiscal year. This quarterly report has been prepared using a special purpose financial reporting framework designed to meet financial information needs with respect to the use of spending authorities.

The authority of Parliament is required before moneys can be spent by the Government. Approvals are given in the form of annually approved limits through appropriation acts or through legislation in the form of statutory spending authority for specific purposes.

Quarterly Financial Report for the Quarter ended June 30, 2022

The Office uses the full accrual method of accounting to prepare and present its annual departmental financial statements that are part of the Office's *Annual Report*. However, the spending authorities voted by Parliament remain on an expenditure basis.

C) Risks and Uncertainties

This Departmental Quarterly Financial Report (QFR) reflects the results of the current fiscal year as per the Main Estimates for which full supply was released on June 24, 2022.

It manages its personnel appropriation within approved levels with due diligence while continuing to implement an organizational-wide human resources plan. The ongoing objectives of this plan is to effectively align staffing processes with the priorities of the organization and implement strategies for improving operational efficiencies and value for money. The Office continues to look for opportunities to work in collaboration with other Government of Canada organizations to achieve efficiencies to deliver on its business goals. With these changes the Office will continue to contribute to the effective management of human resources to the benefit of federal public service departments and agencies, managers, employees and Canadians at large.
